

WELCOME | BIENVENIDOS

We celebrate more than 27 years providing valuable programs and much needed support to our community, yet we recognize there is still much more to do.

For this, we recently moved into a new location in San Bruno where we operate a licensed Substance Abuse Outpatient Facility, a Youth Development Program and Health Education Groups at the Center.

Debra Camarillo, Executive Director

Tulare County | Nuevo Comienzo

It all started when a group of teenage girls walked into our Central Valley office of Nuevo Comienzo asking for help with reproductive issues, healthy relationships and setting their life goals. The ADELANTE LATINA program (Latinas Moving Forward) took root. Soon afterwards when parents asked for a similar program for their boys, we responded with LOS GUERREROS (Proud Warrior).

Programs are held on the campus of Orosi High School, where 250 teens have completed since 2010. Teen pregnancy rates have declined by 50%, gang membership is down, high school graduation is up, and most of the youth continue on to college.

These Youth Programs motivate and inspire participants to learn more about themselves, their family and their Latino culture. They reduce risky behaviors, increase protective factors such as building a healthy social network, and are showing greater responsibility to themselves and their families.
